COMPANY PROFILE 2026

SMARTER SECURITY
STRONGER CONNECTION

Integrated Security, Networking & Low Current Solutions

DESIGN | SUPPLY | INSTALLATION | INTEGRATION | MAINTENANCE

TECHNOLOGY THAT PROTECTS. SOLUTIONS THAT CONNECT.

Smartnet delivers integrated security, networking and low-current solutions designed around the real requirements of each project.

One Partner. Multiple Technologies. One Integrated Solution.

- SECURITY SYSTEMS
- NETWORK INFRASTRUCTURE
- LOW-CURRENT SOLUTIONS
- MAINTENANCE & SUPPORT

WHO WE ARE

Saudi technology partner for safer, connected environments

Smartnet is a Saudi-based technology solutions company specializing in security systems, networking infrastructure and low-current solutions.

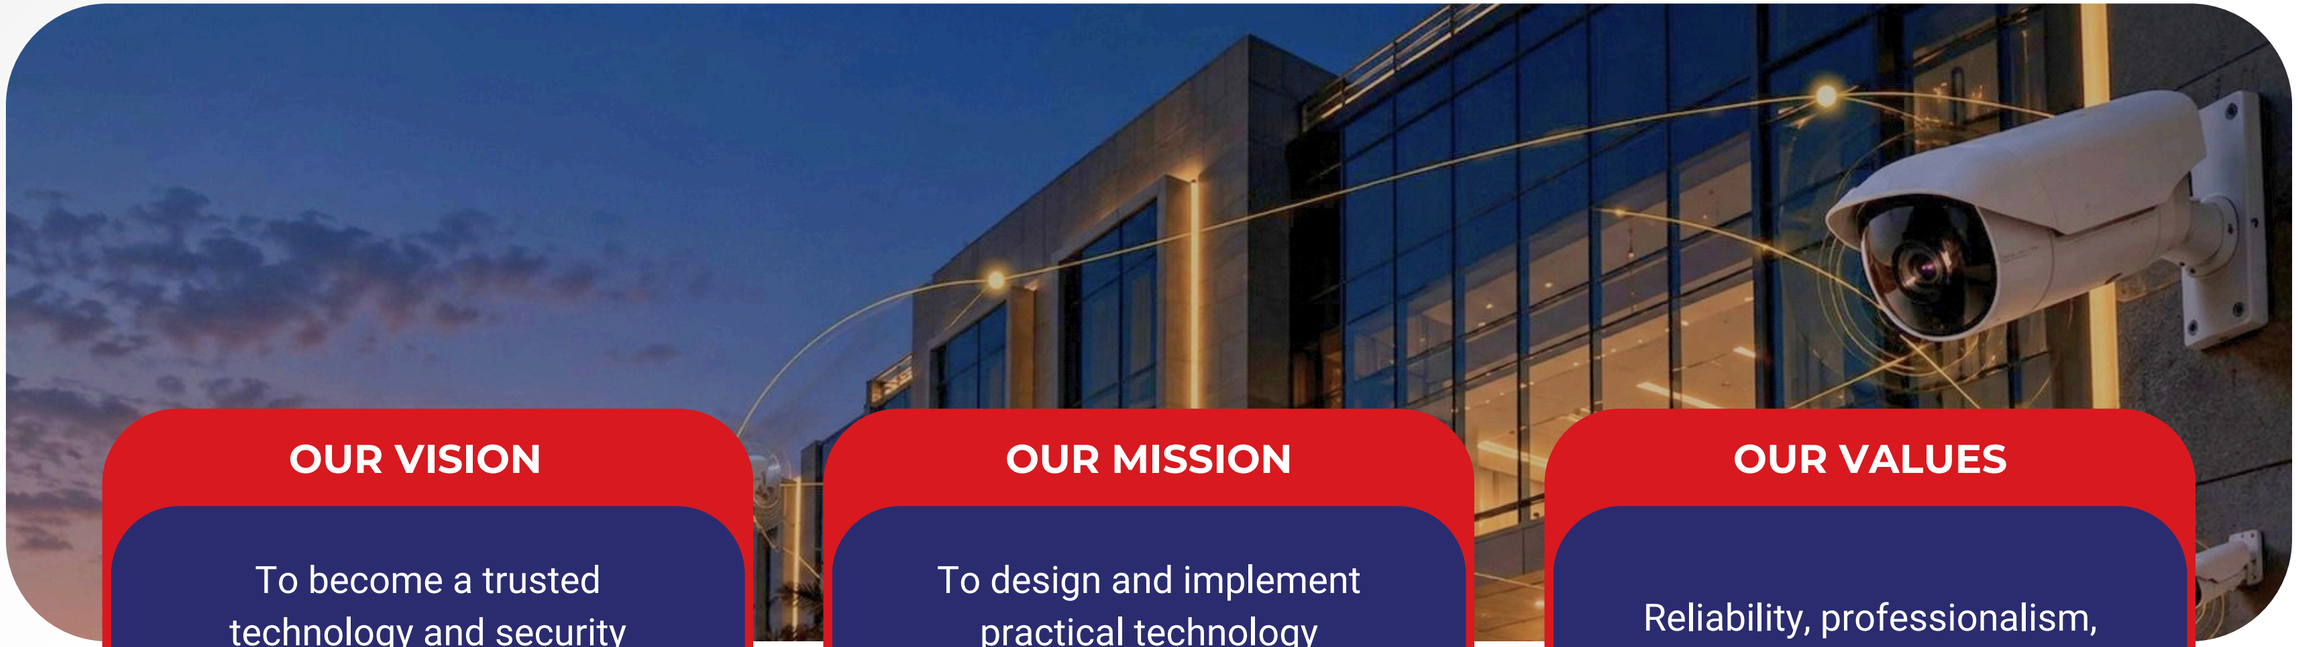
- ***Design, supply, installation and configuration***
- ***Commercial, residential and industrial projects***
- ***Project-driven technology selection***
- ***Professional handover and after-sales support***

INDUSTRIES WE SERVE

Solutions across every environment, from commercial and industrial spaces to residential and specialized facilities.

- *Corporate Offices*
- *Industrial Facilities*
- *Education*
- *Retail*
- *Hospitality*
- *Restaurants & Cafés*
- *Warehouses*
- *Residential*
- *Healthcare*

A CUSTOMER-FOCUSED APPROACH TO SECURITY AND CONNECTIVITY



OUR VISION

To become a trusted technology and security solutions partner in Saudi Arabia through reliable systems and long-term support.

OUR MISSION

To design and implement practical technology solutions that improve security, connectivity and operational efficiency.

OUR VALUES

Reliability, professionalism, quality, customer commitment, innovation and integrity.

WHY BUSINESSES CHOOSE smartnet سمارت نت

From consultation to commissioning, Smartnet manages the complete technology lifecycle.

INTEGRATED EXPERTISE

Security, networking and low-current systems under one partner.

TECHNOLOGY PARTNERSHIPS

Solutions using established global technology manufacturers.

PROJECT-BASED APPROACH

Equipment selected according to real project requirements.

PROFESSIONAL INSTALLATION

Installed, configured, tested and commissioned by technical staff.

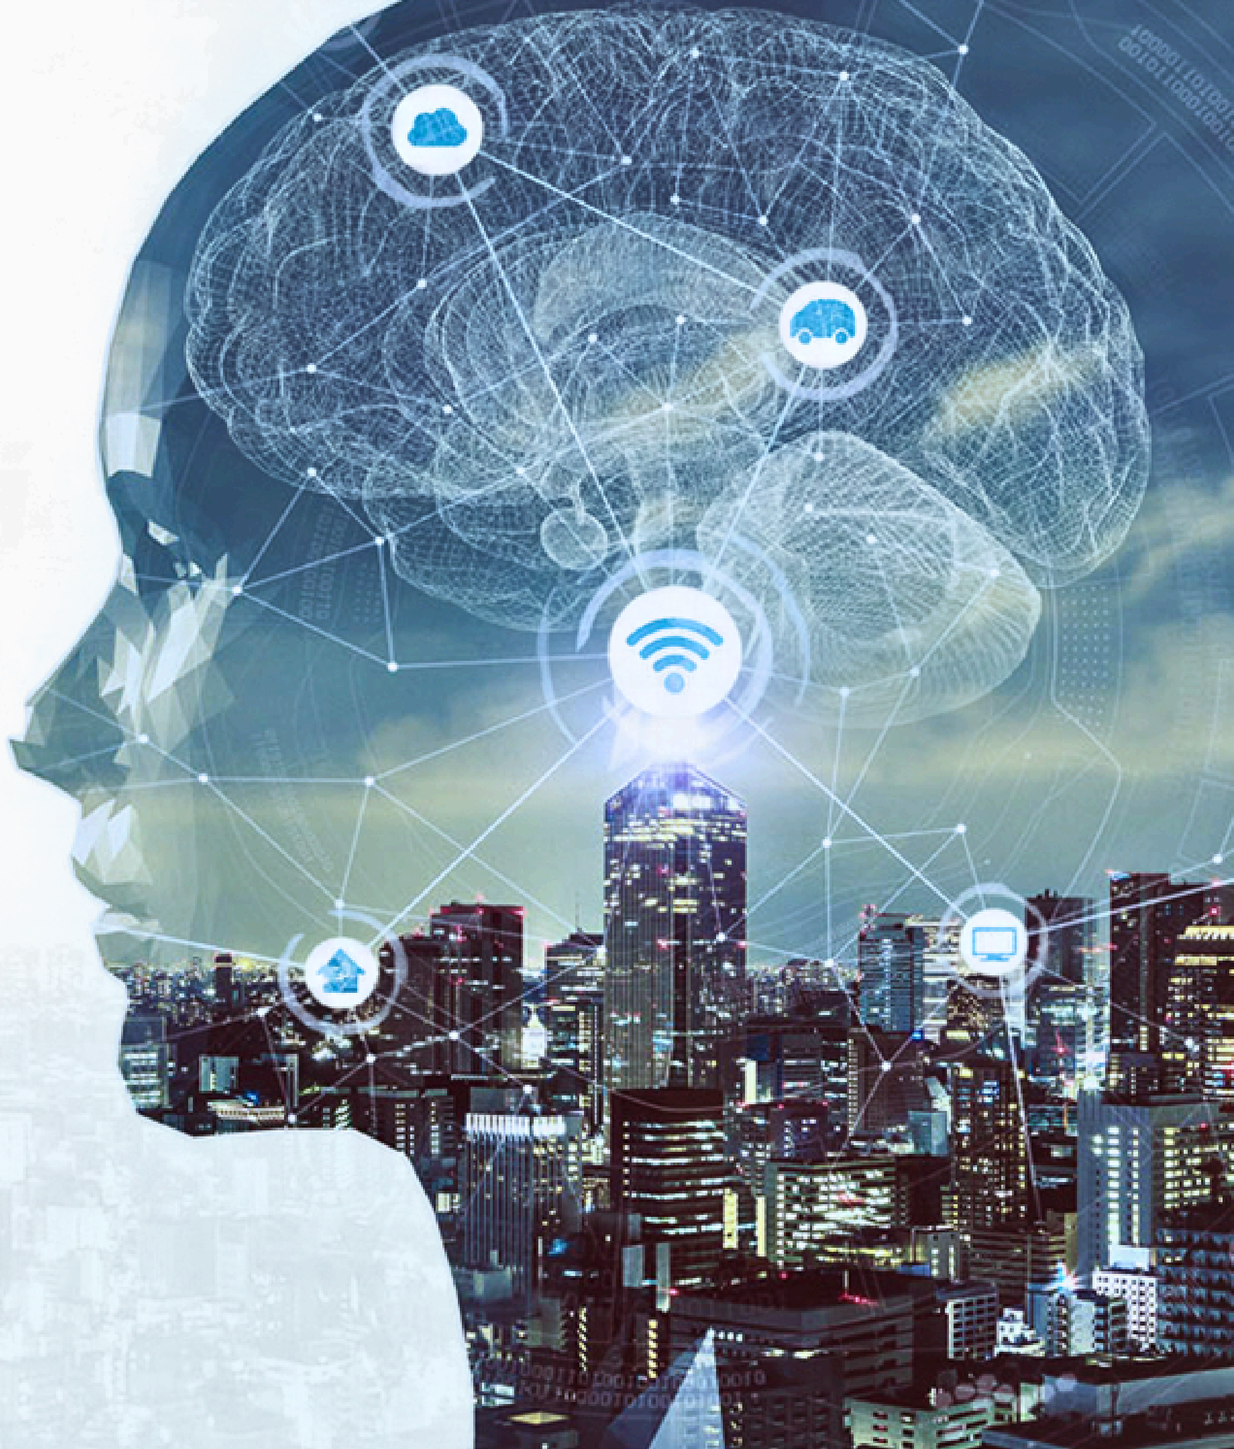
SCALABLE SOLUTIONS

Infrastructure planned with future expansion in mind.

AFTER-SALES SUPPORT

Technical support continues after project handover.

DELIVERING THE BEST SOLUTIONS FOR A BRIGHTER DIGITAL FUTURE



INTEGRATED TECHNOLOGY SOLUTIONS

A single partner for security, connectivity and low-current systems

- VIDEO SURVEILLANCE
- ACCESS CONTROL
- VIDEO INTERCOM
- NETWORK INFRASTRUCTURE
- ENTERPRISE WI-FI
- AUDIO & PA
- TELEPHONY
- DIGITAL SIGNAGE
- MAINTENANCE

VIDEO SURVEILLANCE

See more. Know more. Protect better.

Smartnet delivers professional CCTV systems designed around coverage, image quality, recording duration, network capacity and operational requirements.

- ***IP CCTV cameras***
- ***Indoor, outdoor, bullet, dome and PTZ cameras***
- ***NVR, storage and remote monitoring***
- ***Mobile viewing and central monitoring***

ACCESS CONTROL

Control who enters. Know who leaves.

Smartnet provides access-control solutions that help organizations manage and monitor entry into offices, buildings and restricted areas.

- ***Card, PIN and biometric readers***
- ***Face-recognition terminals***
- ***Door controllers and electric locks***
- ***Centralized access management***

VIDEO INTERCOM & ENTRY SYSTEMS

See. Communicate. Verify. Unlock.

Secure communication starts at the entrance. Smartnet designs and installs video intercom systems for residential, commercial and institutional applications.

- ***IP video intercom and villa kits***
- ***Door stations and indoor monitors***
- ***Mobile app connectivity***
- ***Smart-lock and access-control integration***

NETWORK INFRASTRUCTURE

The network behind every smart system.

A reliable technology environment begins with properly designed network infrastructure supporting CCTV, access control, Wi-Fi and business applications.

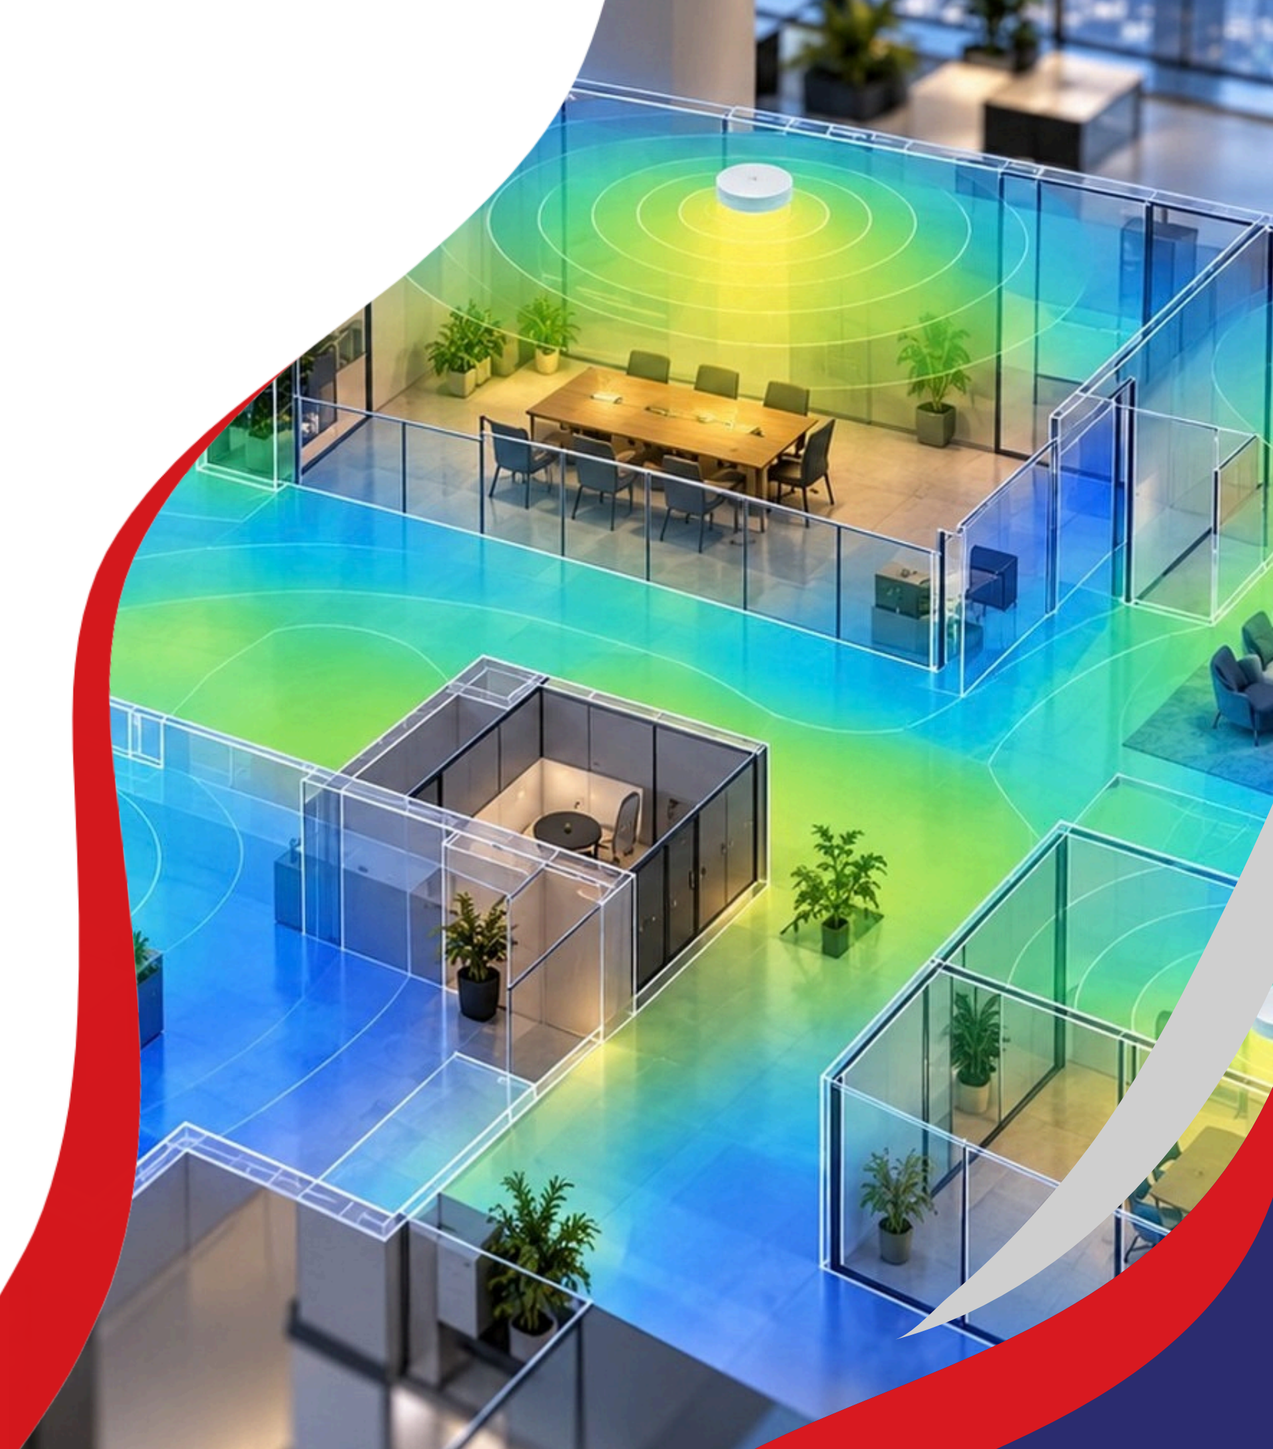
- ***Structured cabling and data outlets***
- ***CAT6 / CAT6A cabling***
- ***Switches, routers and PoE networks***
- ***Racks, patch panels and cable management***

ENTERPRISE WI-FI

Reliable connectivity wherever business happens.

Modern organizations depend on stable wireless connectivity. Smartnet plans Wi-Fi according to building size, user density and coverage requirements.

- ***Indoor and outdoor access points***
- ***Managed wireless networks***
- ***Guest Wi-Fi and multi-floor coverage***
- ***Site survey, placement and optimization***



AUDIO
PUBLIC ADDRESS

Clear communication across every zone.

Smartnet provides professional audio and public-address systems for offices, commercial spaces, institutions and facilities.

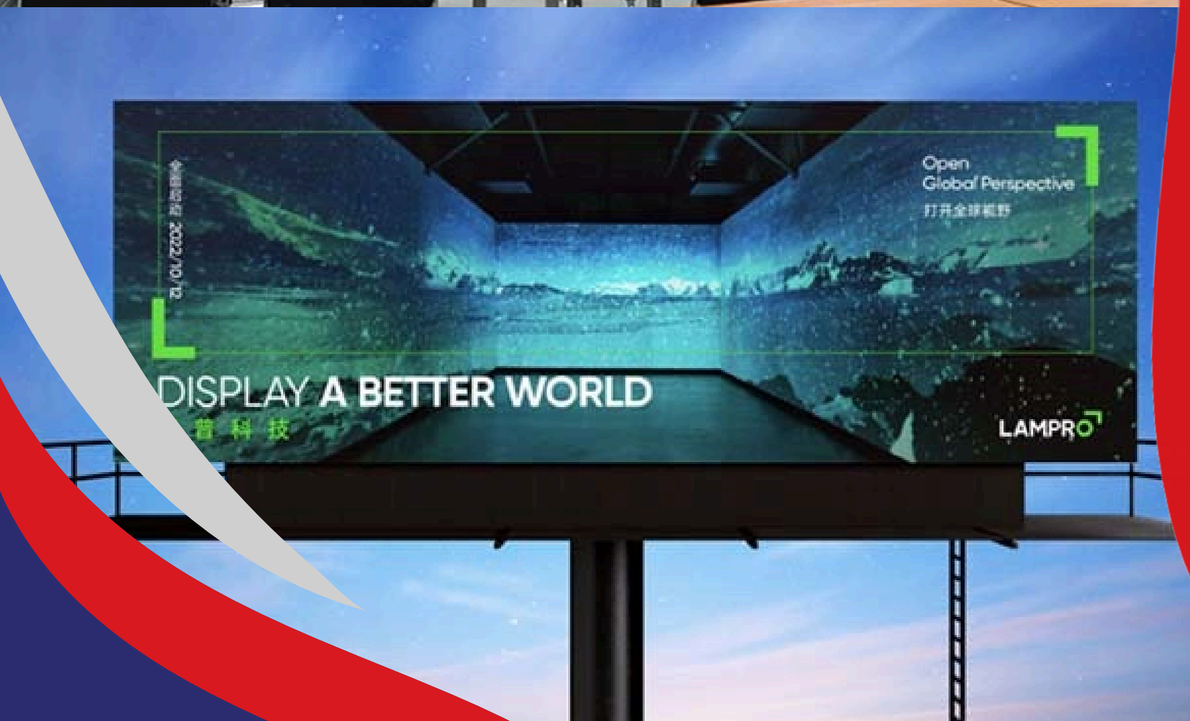
- ***Ceiling and wall-mounted speakers***
- ***Amplifiers and zone amplifiers***
- ***Paging microphones***
- ***Background music and announcements***

TELEPHONY & COMMUNICATION

Communication made simple.

Smartnet supplies and implements business communication systems designed for reliable internal and external connectivity.

- ***PBX and IP PBX systems***
- ***IP, analog and multi-line phones***
- ***Reception communication systems***
- ***Telephone cabling and extensions***



DIGITAL SIGNAGE & INTERACTIVE DISPLAYS

Transform spaces. Engage audiences.

Smartnet supplies and installs professional digital signage and interactive flat panel solutions for commercial, educational and corporate environments.

- ***LAMPRO indoor & outdoor LED digital signage***
- ***LED video walls and advertising displays***
- ***Interactive flat panels for meetings & classrooms***
- ***Display installation, configuration & integration***

MAINTENANCE & AFTER-SALES SUPPORT

Support that continues after installation.

Technology requires regular monitoring and maintenance to continue operating effectively. Smartnet supports installed security, networking and low-current systems.

- ***CCTV health checks and camera adjustment***
- ***Recording and storage verification***
- ***Network, Wi-Fi and switch troubleshooting***
- ***Preventive maintenance and system upgrades***
